KEY HIGHLIGHTS:

- 72 ha direct Lake Balaton waterfront plot
- Operational 18-hole championship golf course with beach & clubhouse
- Marina development option

INDUSTRIAL & LOGISTICS

ASKING PRICE

780,000,000**HUF****Üllő Strategic Development Site (Small Parcel)** Üllő, M4 motorway / Airport junction

Premium development site in one of the most dynamically growing logistics zones of Budapest's south-eastern agglomeration. The 18,247 m² (1.82 ha) plot sits directly at the M4 motorway junction, 5 km from Budapest Ferihegy Airport, neighboring the Ferihegy Industrial Park (FIP) and major corporate tenants (SPAR, Rossmann, Auchan). The site holds Priority Development Area status (Resolution 25/2022), is debt-free, held under 1/1 corporate title, and available for immediate possession.

KEY HIGHLIGHTS:

- 18,247 m² (1.82 ha) across three plots (parcels 3633/2, 3634/3, 3635)
- Direct M4 motorway junction, excellent visibility
- Airport (BUD): 5 km (~7 min) · M0 Ring Road: ~8 min
- Zoning: GksZ-Sz2 (Commercial & Service), max. 40% buildable (~7,300 m²)
- Max. building height 8.0 m; redundant utilities, dual power feed, two drilled wells
- Priority Development Area – accelerated permitting

INDUSTRIAL & LOGISTICS

ASKING PRICE

Nagykanizsa Industrial Site (Vágóhíd utca) **460,000,000 HUF**

📍 8800 Nagykanizsa, Vágóhíd utca 4.

Industrial site for sale in Nagykanizsa, directly adjacent to Road 71 with excellent transport links. The 1.5–2 hectare built-up industrial plot includes a processing hall, a large warehouse building, and complete industrial infrastructure — ideal for food processing, logistics, warehousing, or light manufacturing. Lake Balaton is just 30 km away, Hévíz 32 km, with direct access to the M7 motorway.

KEY HIGHLIGHTS:

- 1.5–2 ha (15,000–20,000 m²) industrial plot
- Full utilities: 380V industrial power, water, gas, sewage
- Lake Balaton: 30 km · Hévíz: 32 km · M7: direct access · Zalaegerszeg: 38 km
- Built-up area ~4,500 m² + loading zones (main hall ~2,594 m², warehouse ~2,214 m²)
- Truck loading docks, ample parking, multiple entrances, CCTV

INDUSTRIAL & LOGISTICS

ASKING PRICE

Székesfehérvár Strategic Industrial & Logistics Site **5,000,000 EUR (asking price)**

📍 Székesfehérvár, near Börgönd road (airport-adjacent zone)

An exceptionally located industrial and logistics development site in Székesfehérvár, one of Hungary's key transport hubs, midway between Budapest and Lake Balaton. Accessible from Börgönd road (~500 m), which connects the city to the airport. The grass-covered greenfield site requires no demolition and is immediately developable. The planned industrial park next to the airport and growing freight rail capacity (VO ring) offer an excellent investment case.

KEY HIGHLIGHTS:

- Directly adjacent to the M7 motorway (with visibility)
- M6 motorway: 30 km (toward Croatia/Serbia)
- M1 motorway: 40 km (toward Austria/Slovakia) · M0 Ring Road: 45 km
- Börgönd Airport: ~500 m (under government-mandated development)
- Börgönd railway station on the VO freight ring (Záhony–Győr); high-capacity substation nearby
- Greenfield, debt-free, immediately developable (parcel 020388/10)

INDUSTRIAL & LOGISTICS

ASKING PRICE

Üllő Large Industrial Site (115 ha)

20,000–25,000 HUF/m²

 Üllő, near M4 motorway / Budapest Ferenc Liszt Airport

An outstanding 115-hectare industrial development base site in Üllő, directly alongside the M4 motorway near Budapest Ferenc Liszt Airport. The site is zoned for development and immediately buildable, with a permitted building height of 12 meters. An adjacent 330-hectare site can also be acquired by agreement at roughly half price (HUF 10,000–15,000/m²), enabling an exceptionally large integrated industrial park.

KEY HIGHLIGHTS:

- 115 ha base site, zoned for development, immediately buildable
- 12 m permitted building height
- M4 motorway: 100 m · Budapest Ferihegy (Terminal 4): a few km · Budapest–Belgrade railway: 500 m
- Option: +330 ha adjacent site at ~HUF 10,000–15,000/m² (by agreement)
- Ideal for logistics, large-format warehousing, industrial park, e-commerce hub

INTERNATIONAL DIVISION

West African Infrastructure & Project Finance

Outstanding off-market investment and co-investment opportunities in Ivory Coast (centered in Abidjan) for private equity funds and banks, featuring sovereign guarantees, high yields, and tax exemptions within the ECOWAS free trade zone.

01 Renewable Energy

Development of 50+ MW grid-connected solar power plants and networks, backed by long-term sovereign power purchase guarantees and multilateral credit support. See the current solar pipeline and grid infrastructure details on the following page.

02 Telecommunications Infrastructure

Construction and operation of a nationwide telecom tower network (TowerCo) at strategic locations across Ivory Coast, backed by long-term lease agreements.

03 Agriculture & Food Processing

Establishment of modern agricultural feed and food processing plants to serve growing local food demand, within a customs- and tax-exempt zone.

ECOWAS Free Trade & Investment Incentives

- Corporate Tax Holidays for initial operating years.
- Customs Duty Exemptions on capital machinery and equipment.
- 100% Repatriation of Profits & Capital for foreign private equity investors.

Solar Power Plant Pipeline (Ivory Coast)

LOCATION	SIZE	STORAGE/BESS	CONTRACT	GROSS COST
Katiola	50 MWac	None	PPP/IPP/PPA	EUR 47 million

Soubré (floating)	50 MWac	None	PPP/IPP/PPA	EUR 50 million
Popoli (floating)	50 MWac	None	PPP/IPP/PPA	EUR 50 million

Construction of an electricity transmission and distribution network in the northern regions. Project owner: Côte d'Ivoire Energy (state-owned utility), under an EPC + pre-financing framework. Budget allocated for Phase 1: XOF 14 billion (1 EUR = XOF 655.795, fixed). Medium- and low-voltage network construction: approx. 3,500 km.

Construction & Real Estate Development Opportunities (EPC+F / BOT)

Featured construction and real estate development opportunities available in Abidjan and across Ivory Coast, under EPC+F and BOT structures:

YOP Village

Abidjan, Yopopgon district – 8 ha, EUR 330 million, EPC+F, JV/Consortium agreement, immediate start. Documentation available upon signature of the RDA.

Diamond City

Songon – entirely new 60,000-unit city development. State project awarded to a private developer, EPC+F participation. An in-person meeting in Abidjan is required to finalize details.

Abidjan Shopping Malls

Multiple projects, valued at XOF 3–5 billion, BOT contract. Documentation available following the RDA.

San Pedro Industrial Zone

250 ha, entirely new industrial zone, BOT contract. Documentation available following the RDA.

MODULAR HOUSING

Containerized Mobile Homes & Regional Expansion

Premium-quality, container-shippable, solar self-sufficient modular living spaces (30 m², 50 m², 80-100 m²), optimized for European export and African assembly.

100%

Fully Containerized

Rapidly and easily deployable anywhere in the world via standard ocean container logistics.

50%

Labor Cost Savings

Achieved by engaging local labor at the African (Abidjan and Lusaka) assembly plants.

Profit

100% Transport Profit

Driven by the shipping efficiency of flat-pack modular homes assembled on-site.

Strategic & Economic Advantages for Manufacturing Partners

HOMLAMENTOR KFT's logistics and assembly franchise structure delivers a direct financial and competitive advantage in the international market.

1. Flat-Pack Containerized Logistics

Containerized shipping converts overseas transport overhead into net operational margin.

2. Local Assembly Hubs (Abidjan & Lusaka)

Local skilled labor lowers assembly costs by 50% compared to European baselines.
